

INVITATION

Dear colleagues,

It is a great honor to invite you to participate in the Business-Academia Partnership Workshop in encouraging the application of geoinformation technologies in education and business and Copernicus info day.

The workshop will be held on September 10, 2021. at Faculty of Architecture, Civil Engineering and Geodesy University of Banja Luka, Bulevar vojvode Petra Bojovica 1a, hall K3, from 10.00 AM.

The workshop is organized by the Faculty of Architecture, Civil Engineering, and Geodesy within Erasmus+ project "Business driven problem-based learning for academic excellence in geoinformatics - GEOBIZ" (No: 610225-EPP-1-2019-1-HR-EPPKA2-CBHE-JP).

The importance of improvements of digital competencies in the field of usage of geospatial information and technologies is recognized by European Commission and EU member states. Therefore, we are dedicated to developing and improving geospatial data management skills through the updating curricula and implementation of innovative teaching methods. The main aim of this workshop is to connect teachers, experts and students to discuss development and improvements in the field of geoinformation technologies and their application in business.

Best regards,

Dean

Prof. dr Sasa Čvoro
